Circo Therm® – Hot air system for simultaneous cooking Circo Therm® hot air technology focusses heat directly on the food being cooked, so surfaces of bakes and roasts are sealed quickly. This seals in moisture makes meats juicier and cakes delicious and moist.

Slide & Hide® – The only oven with a disappearing door. Slide & Hide® is the first choice for individualists, who want to enjoy their passion for cooking without limitations. The iconic Slide & Hide® door effortlessly slides away beneath the oven when not in use.
