Additions

Casella Oak

We're excited to introduce three new wood textures to the Tempo Natural kitchen collection: Casella Oak in Natural, White, and Marone. These stylish additions bring a fresh sense of luxury and warmth to the collection, perfectly balancing contemporary design with organic texture.

Designed to elevate modern kitchens, the new Casella Oak finishes are all about trend-led elegance and versatility. The natural wood grain adds depth and character, while the three colourways offer something for every aesthetic—from the warm, earthy tones of Natural, to the soft, minimalist charm of White, and the rich sophistication of Marone. These new options pair beautifully with existing Tempo favourites like Reed Green, Stone Grey, and Charcoal, allowing homeowners and designers to mix and match tones for a personalised, high-end look. Whether you're aiming for subtle contrast or bold combinations, Casella Oak gives your kitchen a tactile edge that's both timeless and on-trend.
